Connecting nature to industry.

Your global partner in natural raw materials.

ESTABLISHED 2007

CAIRO, EGYPT

Natural oils, botanical extracts and chemical raw materials for manufacturers and formulators.

Global reach.
Personal commitment.

Established in 2007, AMNOR for Import & Export connects natural resources with the industries that need them through international sourcing and long-standing supplier relationships.

We work closely with suppliers and customers to understand their needs and provide raw material solutions for manufacturing and formulation. Our approach centres on reliable sourcing, professional B2B service and long-term business partnerships.

Our product portfolio

Natural & Essential Oils

A diverse oil portfolio for formulation and manufacturing needs.

Herbal & Botanical Extracts

Plant-based ingredients for businesses working with natural materials.

Chemical Raw Materials

Sourcing discussions guided by your material, specification and quantity.

Built around your industry.

Ingredients for the people developing what comes next.

- Pharmaceuticals
- Cosmetics & Personal Care
- Nutraceuticals
- Veterinary
- Industrial Formulations

Start with your requirements.

Tell us the material, intended application and quantity. We will discuss specifications, documentation and supply requirements with you. Product availability, grade and analysis requirements are confirmed for each enquiry.

Let's start a conversation.
